

AERO-GLIDE™

ONE-STEP DRY WASH, POLISH & FRICTION REDUCER

CORROSION TECHNOLOGIES **AERO-GLIDE**

This waterless dry wash is specially formulated with a blend of gentle cleaners and light oxidation removers to provide a one-step cleaning, detailing and polishing solution that leaves a high gloss protective finish on aircraft and other vehicles. Aero-Glide's hard protective coating reduces surface friction and adhesion of exhaust stains.

- Easy on, easy off. No water needed.
- No need to pre-clean before use.
- Removes light surface oxidation on most finishes.
- Provides mid-term (approx. 3-4 months) protection against UV, exhaust soot and grime.

SAFETY PRECAUTIONS

- Store in a well-ventilated place.
- Keep container cool and tightly closed
- Keep away from flames and hot surfaces – No smoking.
- In case of fire: Use carbon dioxide, dry chemical, or foam to extinguish.
- Use only outdoors or in a well-ventilated area.
- Avoid breathing mist or vapors.
- Wear eye protection and protective gloves.
- Wash hands thoroughly after handling
- Take off contaminated clothing and wash it before reuse.
- Do not swallow.
- Dispose of contents and container in accordance with applicable regulations.

MEETS AIRLINE CERTIFICATIONS
